Chairman's Report: The PCP wrote to the PTC requesting that the Council take care of the 5 pedestals along the bridleway, this was considered at the January Council Meeting; they have agreed to do this from the April AGM. They will be added to their insurance policy. The PCP made a request with reference to the possible unspent money from the grant to be added to the ongoing Youth Project but the PTC has requested if money is left over at our AGM 2021 could this be redirected to the PTC as they are likely to have an increase in insurance premium due to the addition of the pedestals. AD has informed NCC Tim Fish who will assist the PTC if required.
