

September 2012

Since the Event in the Memorial Hall in August a group of volunteers have set up a the **Ponteland Greenbelt Group** its mission is to inform the local Community of the possibility of large scale development around Ponteland.

Another separate group has now been established, the **Ponteland Neighbourhood Plan Group** they have been recognised to support the Town Council in compiling a second draft of a Town Council Local Plan. This in principle was agreed at the Ponteland Community Partnerships Event on the 21st August with the Mayor Peter Cowey.

I would ask residents to support our volunteers in their tasks ahead and we will keep you updated though this website.

Thank you for your support
